

August, 1972

To the eight tribes scattered abroad throughout Italy, Greece, Zambia, Rhodesia, Pennsylvania, Ohio, Indiana, Missouri, Kansas California and Texas greetings.

Our latest count is 84. The first generation originally numbered four girls and four boys, they are three and three now. The second generation is ten girls and ten boys. Now with the newest additions, Anthony and Nicholet Violet Lennert in Greece, Patricia Ann Beechy and Philip Karl Brubaker in Pennsylvania and third generation is eighteen girls and eighteen boys. In our total count we have included Wanda Lehman who became the bride of Glen Heise on July 31.

Two years have passed since our last reunion in 1969 and on the basis of your consensus we have tentively reserved the same accomodations at the Y.M.C.A. of the Rockies at Estes Park in Colorado for 1972. We asked for dates the last week of July or first of August. We have been given Wednesday August 2 to Monday August 7. We realize there will inevitably be conflicts for some of you, but we hope none that can not be cared for.

The rates for this time will be 2 persons to a room \$42.50 per person, bunked \$37.50 per person, and children \$30.00 per person.

At this time we would like your feelings as to the date and place and whether you are presently planning to attend.

Your cooperation in filling out and returning the opinionaire will be appreciated.

Alvin L. Heise
by your secretary
